### ***PLEASE READ:***

*There are no “Night Finals” at Fishers this year. I was told they plan to move the Unisex Awards to 6:40 but I still haven’t received a revised schedule. We’re planning to send all Diamonds, band, and crew home after the Unisex Awards.*

*I anticipate a shortage of seats in the auditorium due to the number of schools competing. If this is the case and we can’t watch other groups perform, then Crimson will also leave after Unisex awards.*

Crew will start loading truck after Crimson’s performance
